

MOYOLA

Precision Engineering

Apprentices

Moyola Precision Engineering wishes to recruit Apprentices to support and develop its infrastructure.

Moyola is actively recruiting for the 2021 intake. We are a registered NVQ Assessment Centre and deliver a first class in-house Apprenticeship.

The Apprenticeship is a developmental program. Candidates need a keen interest in engineering and a love of material processing. With our own in-house craft instructor Moyola offers:

- Excellent personal development
- NVQ L 2&3 in Precision Engineering
- Level 3 Technical Certificate
- A graduation certificate from Moyola Precision Engineering
- Excellent future prospects within the company

The apprenticeship consists of learning full competence in the following disciplines:

- Health and Safety in machine shop environment
- Quality – Reading, understanding and interpreting geometric tolerances and inspecting to customer specific technical drawings
- Understanding and marking out materials
- Workholding of material for safety and accuracy
- Bench fitting – Hand skills for working material
- Machining using Mills, Lathes, Surface and Cylindrical Grinders, CNC machines
- Programming CNC machines
- Computer Aided Design (CAD)
